Reservations are required for pheasant hunting. This is for safety reasons to control the number of hunters at any release area. If you do not make a reservation you cannot check-in to hunt. Reservations open at 1:05pm the day prior (Tuesday, Friday, Saturday, and the day before any special holiday hunt). We understand that this timing is not ideal for some, but due to the way the iSportsman system operates we cannot have reservations open any earlier than this. We apologize for the inconvenience.

AM Hunt

- Check in between 6am 12pm
- · Checkout by 1pm or will receive automatic hold

PM Hunt

- Check in between 11am 1pm
- If you made a PM reservation, you must check in by 1pm or your reservation is released
- Check out by 7pm or will receive automatic hold
- PM hunts are broken up by day (e.g. Pheasant Release Saturday PM) to avoid complications with reservations

Wednesday/Holiday Hunts

- For holidays choose "Pheasant Hunting Special Event"
- Check in between 6am-1pm
- Checkout by 7pm or will receive automatic hold

There is no way to make reservations on behalf of another hunter without having their login information. Each reservation is unique to the account/individual who is logged in, and reservations can only be made one at a time. The best recommendation we have is that each hunter should login and make reservations at the same time to ensure you get the same field as whomever you wish to hunt with.

Wednesdays and holidays are AM releases only

Pheasant release areas will be closed to all other activities

Pheasant releasers have separate activity for check-in and do not need to make reservations for any hunt they are releasing

Release areas will be posted to the Alerts/News page on a weekly basis

To hunt for residual birds after release days use "small game" to check-in to whatever areas are available

This is a work in progress, and we're committed to making improvements based on user feedback. Email questions, concerns, or comments to usarmy.jblm.id-readiness.list.dpw-isportsman@army.mil
